PUT1201A maintenance is now available. PUT1201A contains PTFs that BMC verified (tested and approved) between October 28, 2011 and January 20, 2012. This bulletin explains how to obtain PUT1201A maintenance.

**NOTE**

- Before you begin installation, BMC recommends that you check the Support Central website at [http://www.bmc.com/support](http://www.bmc.com/support) for
  - updated product documentation (for example, flashes and technical bulletins)
  - product downloads, patches, and fixes (PTFs)
  - product availability and compatibility (PAC) data

- If you have questions, contact Customer Support at 1 800 537 1813 (United States or Canada) or call your local support center.

To view the latest BMC documents, see the Support Central website at [http://www.bmc.com/support](http://www.bmc.com/support). To receive e-mail messages that direct you to new notices, subscribe to proactive alerts on the Support Central website.

PUT maintenance is installed through the Installation System. For detailed information about using SMP/E to apply PUT maintenance, see your product installation guide. You can obtain PUT maintenance at any time by using any of the following methods:

- **BMC Internet Service Retrieval (ISR)**

  BMC recommends using the ISR method. For complete information about using ISR, see the information about applying maintenance in your product installation guide.

- **BMC electronic software distribution (ESD)**

- **BMC Electronic Product Distribution (EPD)**

  The EPD website is [http://www.bmc.com/support/downloads-patches](http://www.bmc.com/support/downloads-patches). Within EPD, select a product that distributes PUT maintenance, click **Start the Installation/PUT Process**, and then click **Apply SMP/E PUT Maintenance**.

- **PUT maintenance tape**

  To order PUT maintenance on tape, contact your local Customer Support representative or send an e-mail message to Product_Distribution@bmc.com.
