BMC is releasing version 2.4.10 of the Installation System.

**Note**
Before you begin installation, BMC recommends that you check the Support Central website at [http://www.bmc.com/support](http://www.bmc.com/support) for:
- Updated product documentation (for example, flashes and technical bulletins)
- Product downloads, patches, and fixes (PTFs)
- Product availability and compatibility data

These release notes supplement and supersede the product documentation and discuss product enhancements and resolved problems.

The following topics are discussed:
- What's new ................................................................. 1
- Installation ................................................................. 4
- Support status ............................................................. 5
- Product documentation ............................................... 5
- Customer support ....................................................... 6

**What's new**

This release includes the following new features:

**Support for new products**

Version 2.4.10 of the Installation System has added support for the following new BMC Next Gen Technology - *DB2 Utilities* products (designated as BMC Next Gen Technology - *DB2 Utilities* in the Installation System):

- BMC Next Generation Technology Check *for DB2 for z/OS*
- BMC Next Generation Technology Load *for DB2 for z/OS*
- BMC Next Generation Technology LOBMaster *for DB2 for z/OS*
Support for new product versions

Version 2.4.10 of the Installation System has updated support for the new versions of the following products. For more information, see the release notes for the relevant product.

- ALTER for DB2
- APPTUNE for DB2
- BMC Administrative Assistant for DB2
- BMC Database Administration for DB2
- BMC High Speed Utilities for DB2
- BMC Object Administration for DB2
- BMC Performance for DB2 Databases
- BMC Performance for DB2SQL
- BMC Recovery for DB2
- BMC System Performance for DB2
- BMC Workbench for DB2
- CATALOG MANAGER for DB2
- CHANGE MANAGER for DB2
- CHECK PLUS for DB2
- COPY PLUS for DB2
- DASD MANAGER PLUS for DB2
- Database Administration for DB2
- Database Performance for DB2
- EXTENDED BUFFER MANAGER
- High-speed Apply Engine
- LOADPLUS for DB2
- Log Master for DB2
- MainView for DB2
- OPERTUNE for DB2
- PACLOG for DB2
- Pool Advisor for DB2
- RECOVER PLUS for DB2
- RECOVERY MANAGER for DB2
- Recovery Management for DB2
- REORG PLUS for DB2
- SNAPSHOT UPGRADE FEATURE
- SQL Explorer for DB2
- SQL Performance for DB2
- UNLOAD PLUS for DB2

**Updated FTP passwords**

New passwords for the File Transfer Protocol (FTP) sites take effect at 00:00 Coordinated Universal Time (UTC) on May 6, 2015. For additional information, see the "FTP sites: User IDs and passwords" web page at http://www.bmc.com/support/reg/esd-password.html. A support user ID and password are required.

**Corrected problems**

This release corrects the following problems. The Installation System uses the QMnnnnnnnnnn format to identify defect and request for enhancement (RFE) tracking IDs.

**Note**

You must reinstall the Installation System in order for these corrections to take effect.

<table>
<thead>
<tr>
<th>Tracking ID</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>QM001869690</td>
<td>Bypass not selectable on Configuration MainView Products panel</td>
</tr>
<tr>

</tbody>
</table>

**BMC Documentation Center changes**

The primary BMC Documentation Center is now available without a support login. This center offers:

- Documentation and Quick Courses for all products except Cost Optimization products
- Messages for all products, including Cost Optimization products

A new, secured Cost Optimization Documentation Center offers documentation and Quick Courses for the following products:
BMC Application Accelerator for IMS
BMC Cost Analyzer for zEnterprise (CAzE)
BMC Intelligent Capping for zEnterprise (iCap)
BMC Subsystem Optimizer for zEnterprise (Subzero)

**Note**
You must log in using your BMC Support ID to access the Cost Optimization Documentation Center.

To access the Documentation Centers, go to:
- BMC Documentation Center
- BMC Cost Optimization Documentation Center

# Installation

The Installation System is obtained and installed the first time you install a BMC product. From time to time, BMC upgrades the Installation System, and you can install the new version at any time. Installing or upgrading a particular product might require the upgraded Installation System. In that case, the Installation System indicates that you need to upgrade it.

To download the latest version of the Installation System, complete these steps:

1. Go to [http://www.bmc.com/support/reg/installation-system.html](http://www.bmc.com/support/reg/installation-system.html), or navigate to the “BMC data management for DB2 and IMS, MainView, and cost optimization products installation and maintenance” section of the BMC Support Central website.
   A BMC support user ID and password are required.

2. Click **Installation**.

3. Follow the procedures.

**Note**
BMC recommends updating the Installation System each time you use it to ensure that you have the most recent information. To do so, on the Installation System Main Menu, select **Check for Installation System Update**. For additional information, see the **Installation System Reference Manual**.

To request physical shipments, contact your BMC sales representative. Contact information is available on the BMC website.
The Installation System includes the following utilities and installs them when you install a product:

- BMC Internet Service Retrieval (BMC ISR)
  Use BMC ISR to request, retrieve, and apply product maintenance.

- BMC Support Tool
  Use this tool to provide diagnostics information to BMC Customer Support.

For more information about using the Installation System, see the Installation System Quick Start or Installation System Reference Manual.

Support status

You can find the support status for specific product versions on the Support Central website. Selecting a product from the “A – Z Supported Product List” shows:

- All versions of the product and their current support levels (full or limited)
- Dates on which support ends

For more information about the latest support policies, see the Support Central website at http://www.bmc.com/support.

Product documentation

From the Support Central website (http://www.bmc.com/support), you can:

- Link to the BMC Documentation Center to browse documentation sets (http://www.bmc.com/available/documentation-center.html or, for secured documentation sets, http://www.bmc.com/available/documentation-center-secure.html)

- View Quick Course videos (short overviews of selected product concepts, tasks, or features), which are available from the following locations:
  — Documentation Center (primary center and secured center)
  — Support Central (at http://www.bmc.com/support/mainframe-demonstrations)
— BMC Mainframe YouTube channel (https://www.youtube.com/user/BMCSoftwareMainframe)

- View individual product documents (books and notices) within the “A – Z Supported Product List” (https://webapps.bmc.com/support/faces/az/supportlisting.jsp)

You can order hardcopy documentation from your BMC sales representative or from the support site. You can also subscribe to proactive alerts to receive e-mail messages when notices are issued.

Customer support

If you have problems with or questions about a BMC product, see the support website at http://www.bmc.com/support. You can view or download product documents, find answers to frequently asked questions, and download products and maintenance. If you do not have access to the web and you are in the United States or Canada, contact Customer Support at 1 800 537 1813. Outside the United States or Canada, contact your local BMC office or agent.
