Inadvertent capping might occur when Manage Cost=YES and the MSU limit is reached

Overview

BMC is alerting users to a problem in the BMC Intelligent Capping for zEnterprise product.

Issue

Ineffective LPAR capping might occur when the following conditions exist:

■ The Manage Cost policy parameter is set to YES.
■ The MSU limit is reached.

Resolution

PTF BQY0899 resolves this issue.

BMC recommends using BMC Internet Service Retrieval (ISR) to obtain PTFs. For information about ISR, see the maintenance information in the Installation System Reference Manual.

You can also obtain PTFs from eFix PTF Distribution Services (eFix). You can access eFix directly at http://apps.bmc.com/support/efix.cgi or from the support site. For information about eFix, see the online Help.

Note

If you have questions, contact Customer Support at 1 800 537 1813 (United States or Canada) or call your local support center.

Where to get the latest product information
To view the latest BMC documents, see the Support Central website at http://www.bmc.com/support.

Notices such as flashes, technical bulletins, and release notes are available on the website. You can subscribe to proactive alerts to receive e-mail messages when notices are issued or updated. For more information about proactive alerts, see the Support Central website.
